PUBLIC WORKS SECRETARIAT

Engages the services of Sir Henry Howard in connection with the Jog Falls Hydro-Electric Scheme.

ORDER No. P. W. 189-94—S, DATED (CAMP) MYSORE,
THE 14—15TH JUNE 1940.

In connection with the Jog Falls Hydro-Electric Scheme, it has been considered necessary to engage the services of an expert from outside for giving advice on all technical matters as well as for drawing up the necessary specifications for machinery and equipment. Owing to the unsettled conditions in Europe due to war, it has not been found possible to take up the scheme in its entirety. It is however considered necessary to take expert advice on some matters relating to the electrical portion of the project which have a direct bearing on the civil and the hydraulic works under progress.

Government are accordingly pleased to direct that the services of Sir Henry Howard be engaged for the purpose, on a lumpsum remuneration of Rs. 2,400 (two thousand and four hundred only). He will be given travelling allowances admissible to officers of Class I, that is, first class railway accommodation, daily allowance of Rs. 7-8-0 and road mileage of annas six per mile.

The Consulting Engineer will advise upon a general layout for the Power Station, and draw up specifications for the sections of the Project noted below :—

(i) Penstocks and Valves.
(ii) Generators and Impulse Turbines.
(iii) Transformers.
(iv) Control Gear and Auxiliaries.

For any extra work entrusted to him, the Consulting Engineer will be paid additional remuneration to be fixed by mutual agreement.

The cost involved on this account will be debited to the Jog Falls Project Estimate.

N. SARABHOJA,
Secretary to Government,
Public Works Department.
